Hiring Manager Goldman Sachs

Dear Hiring Manager,

I am writing to express my interest in the [specific position, e.g., Data Analyst] at Goldman Sachs. With a strong background in computer science, extensive experience in data analysis and machine learning, and a passion for financial technology, I am excited about the opportunity to contribute to your esteemed organization.

I am currently pursuing a B.Tech in Computer Science & Engineering from Pranveer Singh Institute of Technology, where I have maintained a CGPA of 7.80/10. My academic coursework, coupled with practical experience, has equipped me with a robust understanding of various programming languages and technologies, including Python, Java, C++, and machine learning frameworks.

During my tenure as a Machine Learning Intern at PSIT Research Department, I worked on optimizing resource energy utilization using reinforcement learning and cloud computing algorithms. This experience honed my skills in data analysis and reinforced my ability to develop scalable software solutions. Additionally, my virtual internship at British Airways allowed me to gain hands-on experience in web scraping, data collection, and predictive modeling to analyze customer insights and improve business strategies.

At Suvidha Inc, I further developed my expertise in machine learning by analyzing organizational data and creating visualizations and predictive models. These roles have strengthened my problem-solving abilities and my capacity to deliver data-driven insights, which I am eager to bring to Goldman Sachs.

I am particularly drawn to Goldman Sachs because of your commitment to innovation and excellence in the financial industry. I am confident that my background in data analytics, machine learning, and cloud computing, along with my passion for financial technology, makes me a strong candidate for this role. I am excited about the opportunity to leverage my skills to contribute to your team and support Goldman Sachs in achieving its strategic goals.

Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and enthusiasms align with the needs of your team. I am available for an interview at your earliest convenience and can be reached via email at shubh26002@gmail.com or by phone at +91 7275011914.

Sincerely,

Aakarshit Srivastava
